SI has been bought out by Sports Engine. We are currently in the process of transferring our league info over. As soon as registration is open, we will let everyone know.

Guest players must go to the concession stand and fill out the guest player form BEFORE playing. Guest player fee - \$10. Teams can have up to 3 guest players per game.

Financials:

Sam reviewed the financials. No questions or concerns were brought up.

The league will provide a food truck in November for our Player Appreciation Day. We will try to get a truck that stays long enough for the players who play at 4:30pm to get food after their game.

Summer season feedback:

The teams would like better communication next season. The league will look at having games in the morning when it's not as hot.

Open Discussion items:

- 8v8 plays 40 minutes halves, 11v11 plays 45 minutes halves.
- 11v11 will play with 2 divisions again this season; D1/D2 and D3.
- We are in the process of updating the rules of competition - any captain who would like to be a part of the revision process is welcome to join.
- We will see if Sports Engine will allow guest players to register online.
- 11v11, O30, and O40 may have games at any time starting at 11am. We will try to keep game times the same as previous seasons but it just depends on the final number of teams and field availability. O50 play on Wednesdays at 7pm.

Pink Panthers won the \$100 drawing.

Each Division had their own breakout discussions.

Next steps:

- Captains need to submit BYE requests no later than 8/28 - teams are guaranteed 8 games.
- Sarah will send out maps of APEX, Adult Rec, and football fields before the season starts.
